EDUCATION

Vellore Institute of Technology

B.Tech in Computer Science; CGPA: 9.32

Vellore, India

Aug. 2023 – July 2027

TECHNICAL SKILLS

Languages: Java, Python, C/C++, SQL, JavaScript, HTML/CSS, R

Developer Tools: VS Code, R, Eclipse, Arduino, Git

PROJECTS

Portfolio Website | *HTML, CSS, JavaScript*

July 2025

- A retro-themed personal portfolio showcasing my projects, skills, and background with draggable windows, pixel fonts, and interactive modals. Built with HTML, CSS, and JavaScript, blending nostalgia with functionality.

Finance Tracker | *C, Data Structures and Algorithms*

Nov. 2024

- Developed a Finance Tracker from scratch using advanced data structures in C.
- * **Transaction Recording:** Input transactions with date, amount, category, and description. Stored in a doubly linked list.
- * **Date Validation:** Handles leap years and invalid inputs.
- * **Transaction Sorting:** Transactions sorted by date.

Workout Tracker | *HTML, CSS, JavaScript*

2025

- Created a web-based tool for logging and tracking workout routines. Users can input exercise type, duration, and intensity, with data stored locally for progress tracking. Features a clean UI and responsive design.

CERTIFICATES

Foundation Level - Data Science

Completed Sept. 2023

Indian Institute of Technology, Madras
